packaging is our passion

Good flower nutrition is essential to make flowers shine in the consumer's vase. Especially in warmer weather conditions. Vaselife products guarantee a longer vase life. That starts in the shop where the flowers retain a nice presentation value by adding Vaselife Universal Pro II. Also Vaselife has developed a wide range of liquid sticks to be used by the consumer. A small investment in flower food provides high customer satisfaction! **Vaselife's flower nutrition products are exclusively available at Dillewijn Zwapak.**
